WELCOME TO HEIRLOOM CREATIONS!

We Celebrated 30 Years in Business
June 2019!

Our dedicated team of sewists and sewing machine technicians work hard to stay on the leading edge of the sewing machine world, offer the most classes in the area and run two world-renown websites. With our expertise in all brands of sewing machines we can help you with the machine you own or if you are in need of a new machine, this is a great place to start your search. Come see why Heirloom Creations is the best place to purchase your next sewing machine. Our Motto is Simple...

“Make Sewing Easy”.

We now have sewing tables starting as LOW AS $229! Come see our showroom full of our newest line of sewing furniture from Arrow Cabinets & Kangaroo Cabinets. Arrow Cabinets come “ready to assemble” and Kangaroo Cabinets come FULLY assembled. Our 1st shipment included 21 pallets of cabinets!

There are three very special sewing and embroidery machines arriving later this year. The new Husqvarna Viking Epic 2 and the Bernina Tula Pink Special Edition 770 QE and the 570 QE (shown below). We are taking pre-orders for both. Details inside and online.

WHAT IS SEWTOPIA?

The short answer is Sewtopia is our Sewing Club! It is a fun presentation each month that will expose you to new sewing and quilting techniques regardless of your level of sewing experience. If you just got a new sewing machine, embroidery machine or serger this a great way to learn more from us and be inspired by other sewers in the area.

Often hosted by our very own Sara Snuggerud, the Sewtopia Sewing Club is often graced with outside guest speakers or shipped in Trunk Shows. Sewtopia Sewing Club started in 2002 at Heirloom Creations. Wanting to not limit its members who own one specific sewing machine brand, we created a name that would welcome sewers of all denominations. Lectures are the second Tuesday of the Month at 10am, 2pm or 6:30pm and attendees do not need to RSVP. This lecture format requires no sewing machines. Of course, you might like to bring a camera.

Every month is a different sewing topic. Keeping up with the latest sewing trends is a full time job for Heirloom Creations and their team members. We use the Sewtopia Sewing Club as a platform to keep sewers in the know with the ever changing trends. If you are an experienced sewer, our Sewtopia Sewing Club offers beginning to advanced sewing, quilting, embroidery and serging techniques to push your creative boundaries.

Regular attendees often make monthly sacrifices knowing that a sewing topic presented at Sewtopia Sewing Club is not repeated anytime in the near future. But have no fear, the annual November Sewtopia Sewing Club lecture is a “Year in Review” helping members get a sneak peek of what they might have missed when they were on Summer vacation. This is also great for members who have just started going to Sewtopia at the end of the year letting them see some many of the featured topics that had been presented throughout the current year.

Sewtopia Sewing Club is also a place to share your current sewing projects. We reserve a special time at the end of each lecture to let people show what they have been working on. We get to share in the joy of a quilt for a new grandchild, gifts that will be given during the holidays, repurposed blocks that were found when a family member past away to a new project started from inspiration gained from a previous Sewtopia Sewing Club.

Sewtopia Sewing Club members also enjoy an automatic 10% off most items in the store. Show your Sewtopia Sewing Club card at the register and receive the 10% off discount on needles, thread, sewing supplies, accessory feet, bobbins, embroidery collections, etc.

If you have purchased a new sewing machine, serger or embroidery machine from Heirloom Creations, you received a complimentary one year membership to the Sewtopia Sewing Club. We hope you will attend at least once to see that new things you can learn, be encouraged by others to expand your sewing knowledge and become part of a wonderful group of sewers with the same passion.

We have noticed many new friendships have been formed through these monthly lectures. Whether having a similar interest through an item shared during Show-N-Tell or just reaching out and saying “Hi, my name is...” Some members often meet for coffee before the morning club, go out to lunch before the afternoon session or meet up for a quick bite before the evening session.

Bonus – Every August we change up the Sewtopia Sewing Club and offer a small hands-on project. One year we did a dying game for the evening club, go out to lunch before the afternoon session or meet up for a quick bite before the evening session.

The Sewtopia Sewing Club does go dark for the months of July and December giving us time to prepare for future lectures.

The annual membership fee of $25. Memberships run for 12 months from the date you join. We welcome you to try out a Sewtopia Sewing Club as a guest for just $10. If you decide you want to enjoy a complete year of Sewtopia Club benefits, apply your $10 guest fee that same day toward the $25 membership fee.

Master the ICON’s unique sewing and embroidery features with this complete day of training.

SM1 SEWING MACHINE BASICS
Just bought a new sewing machine? This hands-on class is open to owners of all brands of sewing machines. Sewing Mastery #1 is designed to build the foundation of basic use and sewing machine etiquette. Learn care and maintenance to keep your sewing machine running smoothly and have a long productive life. We will explore needles and their many different uses and quality sewing thread. Familiarize yourself with stitch settings to improve performance when trying new techniques. Understand the proper use of seam guides, basic feet, quarter-inch feet and walking feet.

SM2 PRACTICAL SEWING TECHNIQUES
This hands-on class is open to owners of all brands of sewing machines. After attending Sewing Machine Mastery #1, take your new sewing machine to the next level while using a variety of different weights of fabric. Practice using many built in practical stitches for hemming, mending, overcasting, edge stitching and blind hemming. Understand what tension really means and how it works. Try out new uses for buttonholes and sewing on buttons. Those with a Bernina Stitch Regulator (BSR) will stay an extra ½ hour to learn how to use this special accessory.

SM3 ADVANCED CREATIVE SEWING
This hands-on class is open to owners of all brands of sewing machines. Ready to explore sewing techniques not in your manual? This creative sewing class will cover decorative threads, decorative stitches, couching, appliquéd varieties, double needle work while creating a small zipped bag. Those who have a built-in sewing machine memory will stay for ½ hour extra to learn all the cool things a memory can offer.

E1 ABC’S OF EMBROIDERY
This lecture is open to all embroidery machine owners. Learn from an embroidery expert the true stabilizer theory to achieve perfect embroidery on all types of fabrics. Understand hooping, thread selection, tension, design selection and placement. Combine the power of the Internet with the creativity of an embroidery machine while learning basic downloading, unzipping, opening, saving and sizing options to expand to new levels. See what it takes to design a design from the computer to the sewing machine. We will also help in understanding the different embroidery file formats to use to your own benefit.

E2 EMBROIDERY BASICS
This hands-on embroidery class is open to owners of all brands of embroidery machines. Explore hooping techniques, tension, design layout, lettering, on-screen editing and realignment for larger designs. Become familiar with all parts and use of your new embroidery machine.

S1 SERGER BASICS
This hands-on class is open to owners of all brands of sergers. Learn the fundamentals and theory behind how a serger is designed to work. Experience threading, three and four thread overlock stitches, rolled hem, how to use decorative threads and basic care and maintenance.
